

# EXCELSIOR UNIVERSITY

Guide for International Students  
Living Outside the United States

# International Students

- If you do not live on a military base, there are restrictions on purchasing access codes outside the United States.
- This is due to copyright laws.
- If you don't have someone living in the United States who could purchase one for you, there is a workaround.

## **The Workaround**

- Gmail users can use confidential mode to send credit card information.
- Due to security protections all others will need to call directly to have your order placed for you.

# Information Needed

- Name as it appears on the credit card
- Billing address including city, country, and postal number
- Credit card number
- Expiration date
- Three-digit security code
- Phone number including the country code associated with the credit card
- Name of your course  
example: IND 101
